Re: Permit Review Status, Geneva Steel, Revised Mining and Reclamation Plan,  
Iron Mountain Mine, M/021/008, Iron County, Utah

Dear Mr. Grover:

On September 9, 1994, the Division received Geneva Steel's revised mining and reclamation plan response document for the Iron Mountain Mine. We have initiated our evaluation of your response. Due to a backlog of other permit reviews, and a recent technical staff position vacancy, we will not be able to complete our review of this plan within the usual 30-day timeframe. Please accept our apology for the delay and any inconvenience this may cause you.

We hope to complete our review of your initial application within the next 30-45 days. We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
